

NJASA Administrator Screening Service

The New Jersey Association of School Administrators (NJASA) Administrator Screening Service is a complete and comprehensive search from criteria setting to the selection of the final candidate. Potential administrators from a national pool can be identified, considered, and selected to serve as administrators in New Jersey schools.

Our Screening Service is efficient and unique. The strength of our process lies especially in the expertise, skills, and reputation of the individuals – professional practitioners – who comprise our screening team. NJASA believes board of education members recognize that high quality educational programs depend upon strong and able leadership from school administrators. The Association stands ready to assist boards of education whenever the need arises to select a new administrator.

NJASA has conducted successful screening services for boards of education since 1974. Its search team is comprised of educational professionals, attorneys experienced in New Jersey School Law, superintendents of schools with experience in a wide variety of districts, and support staff of the highest caliber.

When it comes to administrative searches –
